

ACCENT CHAIRS

Compliment your lounge area with these beautiful accent chairs. The smaller scale of these chairs allows them to maximize your available space.

There are hundreds of fabrics, vinyls and performance fabrics available. View our fabrics and finishes pages. Every piece is built to meet the Cal 117 fire code. With the four wood finish options available on most pieces, your design possibilities are endless!

ACCENT CHAIR SPECIFICATIONS:

SEAT AND BACK CUSHIONS:

- High resilient ultra cell polyurethane foam
- All cushions and padding materials meet UFAC & CAL 117

SEAT SUPPORT:

- 8 gauge 60% post consumer recycled sinuous steel springs spaced 5" apart, inter spring connected with two tie wires. Spring system to be secured with additional hardwood stabilized front rail and covered with heavy duty batting and seat denim.

FRAME:

- Frame stocks are harvested from certified sustainable sources. All stress joints to be connected utilizing one of the following: Double doweled, screwed and glued – corner block, glued and heavy duty frame staples. Glue is polyvinyl acetate.

FINISH:

- Durable catalyzed finish, HAPS free (Hazardous Air Pollutants), Microban antimicrobial treatment, UV inhibitor, and resistant to cleaning chemicals.

GREENPORT, SOUTHDOLD, NORTHVILLE, PECONIC:

- Constructed from select kiln dried hardwoods.
- Joints are double dowelled, glued and screwed.
- Corner blocks are glued and screwed with a log bolt through the corner block into the leg for added strength
- Chairs are manufactured with no sag spring seat, attached with RJS clips and covered with wire so all springs go down together
- Chairs are constructed with CAL 117 polyurethane over reinforced frame cover for durability and comfort

FINISH OPTIONS:

Mahogany

Natural Maple

Walnut

Wild Cherry
